# Siamo una storia italiana, che rinasce con una nuova generazione.

Le radici che affondano in una storia produttiva di diversi decenni, i nuovi germogli che sbocciano da ragazzi che hanno ereditato una lunga tradizione.

Un marchio storico che ha scelto di rimanere in Italia. Una nuova vita nata dall'appartenenza a Co.me e dall'amore delle cose fatte come si deve.

*We are an Italian history,  
reborn with a new  
generation.*

*Our roots are plunged  
into a productive  
background of decades;  
new sprouts that bloom  
from people who  
have inherited  
a long tradition.*

*A historical brand that  
remarkably remains in Italy.  
A new life sustained by  
a strong sense of belonging  
and by the taste  
of things well done.*

# Fatti per durare nella **storia.**

Una storia di 60 anni che si è evoluta, come gli strumenti che produciamo e come la responsabilità di una azienda che è stata affidata dai fondatori alle mani abili dei propri collaboratori.

Ma questa è anche una storia che resta sempre la stessa, sempre immersa nella tradizione di bellezza del nord est italiano. Una storia di esperienza tramandata, che porta nell'industria la sua essenza artigianale e manifatturiera.

*Made to last  
throughout history.*

*Sixty years of history that has evolved, like the tools we produce and as the responsibility of a company which was entrusted by the founders in the skilled hands of its workers.*

*But this is also a story that stays the same, always absorbed in the traditional beauty of north-eastern Italy. A story of inherited experience, which takes in the industry the true essence of artisans and manufacturing company.*
